Resume Mirror Extraction Enterprise Achieves Oracle Validated Integration with the Oracle® E-Business Suite and Oracle's PeopleSoft Enterprise

Talent Technology's resume parsing software integrates with Oracle E-Business iRecruitment and PeopleSoft Talent Acquisition Manager to provide advanced resume extraction capabilities

Vancouver, BC and San Francisco, CA – October 13, 2009 – Talent Technology Corporation announced today that its Resume Mirror Extraction Enterprise application has achieved Oracle Validated Integration with the Oracle iRecruitment, part of the Oracle E-Business Suite, and Oracle's PeopleSoft Enterprise Talent Acquisition Manager.

Resume Mirror Extraction Enterprise is delivered as an on-demand hosted service providing advanced [resume extraction](#) and [resume parsing](#) functionality for users of Oracle iRecruitment and Oracle's PeopleSoft Enterprise Talent Acquisition Manager.

The benefits delivered by the Resume Mirror product include its ability to eliminate manual data entry or manual processing of resumes and dramatically improve the ease with which candidates can apply for jobs on a company's career portal leading to a higher number of quality applicants. The Resume Mirror Extraction offering is a proven solution which currently processes millions of candidates every month for hundreds of clients.

"We are proud to continue to offer Oracle customers a [resume extraction solution](#) that has achieved an Oracle Validated Integration," said Jade Bourelle, President and CEO of Talent Technology. "As a result, we look forward to furthering our relationship with Oracle. We're committed to continue our leadership in delivering the [recruiting technologies](#) and solutions that power the best HR departments around the world."

Validation through Oracle® PartnerNetwork Application Integration Architecture for Partners gives customers confidence that integrations between Oracle Applications and complementary partner solutions have been validated and the products work together as designed. This can help reduce risk, improve system implementation cycles, and provide for smoother upgrades and simpler maintenance. Validation through this initiative applies a rigorous technical process to review the integrations of third-party software to Oracle Applications products, including productized repeatable integrations from system integrators.

Resume Mirror Extraction Enterprise, with integrations validated by Oracle for both the Oracle E-Business Suite Release 12.1 and Oracle's PeopleSoft Enterprise 9.0, is available immediately. Talent Technology will be at the [Oracle OpenWorld 2009](#) in Chicago, IL on October 11-15th 2009.
